What the cover letter says the set proves

Cover letter section	Relies on	What the adjuster will test
1. Liability	Exhibits A, B, C	The report number, the witness's independence, whether the stills are legible enough to show the stop line
2. Injuries and treatment	Exhibits D, E, F, G	Whether every billed line is a visit that happened, and whether the MRI's own history matches the date of loss
3. The interval before first treatment	Exhibits D, G, H	The fourteen days to first care, and the nineteen days of missed therapy in April
4. Special damages	Exhibit E, Exhibit H	Whether the typed total ties, line by line, to the bills enclosed
5–6. Demand and terms	Keystone's own declarations page	That $10,000.00 is in fact the per-person limit, proved by the carrier's own writing

Case Manager's audit sheet. For each exhibit: does it belong in a Demand Package sent to the adverse carrier; is it the operative, certified copy; does it match the cover letter; and does the set leave an evidentiary gap a Case Manager can close before service?
