Where the file stands. Keystone tendered the $10,000.00 bodily injury limits at the 03/18/2027 mediation and Robert Smith was dismissed. On 04/05/2027 Harbor Point and Cardinal State disputed damages, citing the fourteen days before first treatment. Both carriers now sit on the other side of this hearing. The folder below is everything the litigation sub-file holds; nothing has been sorted into tabs, and no QC rule has been applied.

Case Manager's sorting and QC sheet. For every record: which of the six tabs it belongs in, or whether it is withheld from the exchange set; whether this is the operative, certified copy; how it would be authenticated; and which damaging allegation it answers. Apply each tab's QC rule as the record lands in it, not after the pile is sorted.
