We received Mr. Doe's PIP application with your letter of 02/17/2026. Mr. Doe is covered as an occupant of the insured vehicle: he owns no vehicle. We have opened Part B Personal Injury Protection benefits as follows:

Benefit	Pays	Limit
Reasonable medical expenses from the accident	100% of the reasonable charge	$5,000.00 each person, combined
Lost income	80% of verified wage loss	

- Benefits are paid in the order completed claims are received, up to the limit. Providers should bill Harbor Point with claim HP-26-7741.
- Lost income requires a wage-and-attendance verification from the employer.
- Riverton PIP is add-on: it does not reduce any bodily-injury or uninsured-motorist payment. Our position on reimbursement and the UM form follows in writing.
