Re: NOTICE OF ATTORNEY'S CHARGING LIEN AND DEMAND FOR DIVISION OF FEE — Client: John Doe · Date of accident 02/06/2026 · Robert Smith / Keystone Mutual Insurance

Dear Mr. Thorne:

Please be advised that this firm was retained on July 27, 2026, by written contingency fee agreement, to represent John Doe in his claims arising from the motor vehicle accident of February 6, 2026. A copy of the agreement is enclosed.

Our firm performed substantial services on Mr. Doe's behalf, including investigation, consultation and evaluation of the claim, and placed the responsible carriers on notice of our interest. We are informed that the claim has resolved for a gross recovery of $40,000.00, which was obtained in part through our efforts.

We hereby assert an attorney's charging lien against the settlement proceeds and demand a division of the attorney's fee: one-half of the one-third contingency fee on the gross recovery, or **$6,666.67**. Please hold the entire settlement in your trust account and disburse nothing until our fee is paid. We ask that your case manager confirm the fee division to me in writing by Friday, October 16, 2026.

Sincerely,

Corbin Vance
